“ Coach Frizzell was our coach in football and basketball in the 8th, 9th, and 10th grade. Whenever our group gets together his name and our times with him seem to always come up. We kept up with him over the years through his nephew Phillip and mutual friend Kirby Jones. He was truly a "gentle giant." We owe Coach and his family a great deal of gratitude for him having spent those formative years with us. He was not only a good coach, but a good friend to many students.

“ I worked with Bob at OCA. We spent a lot of time after school getting ready for the basketball games. We were the first at the gym, he swept the floors and I cleaned the bathrooms. He love those kids and encouraged them on and off the court. He was generous with his time an unknown to many, when he saw a student in need, he quietly went about finding the money to get them new glasses or other necessesities. He was a good Christian man. “ Bob was a wonderful man! From the time I was a young girl he sure did know how to make me feel like I was the only one that mattered. Every Sunday at church he'd make a comment about how he loved my blue dress although it might be pink, or loved my boots but had on sandals. I don't know if he ever did this to anyone else but I knew that was his way of making me feel special. My heart breaks for Beth and Matt, but know he's with our Lord and Saviour and set a good example with everyone he came in contact with. My prayers are with each of you. Love, Haley Ross
