“ I am so sorry to hear of the passing of your Mother. I know the days to come will be hard and the tears will come with no warning.and your hearts will ache. There are really no words that I can put together to make this better. But to tell you I understand, I recently lost my Mother also. I will be thinking of your family and may God be with you. Dixie was a very special lady and she has left her legacy and most prized accomplishment here on earth and that would be her children and grandchildren, My thoughts and prayers are with the Felan family.

“ Greg and I cherished your mom. We have so many fond memories and we know our moms were very close, sharing their laughs and sorrows throughout their lives. They always laughed more than anything else. Dixie and your Dad, and all of you kids, have been in our lives forever. We pray for you all and understand the multiple losses your family has endured these past two months and extend our heartfelt condolences. There are at least two more angels, living a full life, who have joined our mom in their eternal home. God bless, Greg and Tracy

“ Too the family of Dixie Felan--Words cannot express my love for my dear friend, Dixie. Dixie and her late husband and children and my family were more like family than just friends. We have so much in common throughout the years I will never forget what they ment to me.

There is a saying that goes likie this: They say it takes a minute to find a special person. an hour to appreciate them. A day to love them, but then an entire life to forget them.

Do not value the things you have in your life, but value who you have in your life.

Faith tells us that love is at work in the world...bringing about hidden miracles in every corner. Faith tells us to trust in something greater than ourselves as we journey to the top of the mountain, And though our eyes may be blinded by the mist surrounding the mountain, still we continue to climb...because we know that we shall see the way clearly through the eyes of faith
