“ So sorry but glad she's no longer she is no longer suffering. My fondest memory was my first Thanksgiving away from my family who are awesome cooks and we got there and she told me to make the dressing. I know I had the deer in the headlights look. Well, it was Stovetop dressing to my relief and I could handle that. I was just learning to cook! When we got home I called my my mom and told her about that and brown and serve rolls! We still laugh about that. Rest In Peace Nanny.
