“ *AJ was an awesome friend to me. It never mattered how long we were apart, we always picked up right where we left off. No awkwardness or anything. We cruised the PV streets a million times over, played in the band together, aggravated Momma Pat as often as we could. Sleep overs, band trips, ballgames, shopping trips, hours on the phone, working homework together, you name it. I am glad I had Jane in my life and thankful to have had her as my friend.*

“ *So many memories to list we were inseparable back in the day. If I wasn't at her house she was at mine. I rodeoed and they had cutting horses. One day we were at her house riding and was minding our own busy when all of a sudden the horse I was on decided to work cattle I about fell off. We had some many good times she will be missed by many. Until we meet again Rest In Peace my friend.*
