“ *Sadly, I never knew you, Betty, but I am the widow of one of your distant nephews....Doyle Thomas. I heard of you through family, but never met you. I wish I had. One day, we will meet when "all is new" here on earth and there will be no more tears, sickness or death. I look forward to that day when I can greet you.*

“ *No more confusion, resting in peace . Dementia took you away but couldnt take the cherished memories from those who knew and loved you most. I praying for my family and your children that loved you dearly.*

“ I remember when I first met Betty, she was always so good to me and treated me like I was a daughter. We were Big Betty and Little Betty. That was almost 40yrs ago. My son Jeremy Peterson is her second born grandson and he loves her very much .He always loved going to see her and Cotton.
I am very saddened at the loss of such a lovely woman. She will be greatly missed.
Love you Betty Sue!!💔

“ I have so many memories from when i was around Betty. My favorites was when i made her cakes. She'd cuss me out the whole time and tell me the cake was nasty and then turn around and sneak eat it. I'm saddened by her passing but i know she is no longerin pain. R.I.P. Betty.
