

## Dusty Mahorney

May 2, 1955 - January 3, 2013

Kelvin Dusty Mahorney

Born 5-2-1955

Departed 1-3-13

He will be remembered most by how big his heart was for people and his faith in God.

Growing up in a radio family it was almost second nature he would influence the radio world. As a young boy with his brother's, helping his dad in the television repair shop; to starting his own repair shop in Lindsay, OK. Radios have always been in his blood. It all would lead to Dusty starting DDB Unlimited as a small company in 1996 and grow it into one of the most successful companies in the business.

It was not always easy for Dusty. Getting lost in to drugs and alcohol for a time, along with the struggles of building a company would only bring him closer to God and his true heart's desire to help people. That is how it is today; everyone has a story to tell about how Dusty helped them out in some way.

As the years went by and as the business became bigger, Dusty never forgot where he came from. He knew it was hard work and the hand of God that had brought him to where he was. . Dusty knew of only one way to do things and that was to give back. God had given him so much with a second chance, Dusty wanted to help others.

Starting in 2007, Dusty paired up with the Serenity Outreach Recovery

Community, a recovery center in Oklahoma City, where hope was given to those lost in active addictions and living without hope. This started out as a small project and now has grown to include several large facilities helping men and women who want to clean up and start over. Dusty went on to team up with missionaries in Sierra Leone, helping with the missionary work of spreading the Gospel while educating and feeding the hungry mouths and souls. Also with his own company, Dusty gave jobs to those who no one would hire. Reaching out the helping hand and giving a second chance to so many. In the process of helping so many turn their lives around.

He planned for the future and lived in the moment. Making sure DDB and the various efforts would out live him. He had a vision of a true leader, not afraid to step out and do what needed to be done, not afraid to make the hard choices and never afraid to lend a helping hand. This will continue on through the lives he has touched. We measure his impact in tens of thousands of people over his short life.

It is with great sadness we see him go as he gave so much to help everyone around him. But we rejoice also knowing he is in the Father's hands now.

“ Before I knew him as an employer, I knew him first as family. He reached out to me when I was fresh out of college. I learned a lot more about his life, his work, and his heart as I worked for and alongside him for six years. He helped me get my life back together, and get the help I needed. He often took time out of his day to hear me out if I needed to talk. Dusty was a great man, and he won't be forgotten. For his love, his kindness, and his understanding, I thank him from the bottom of my heart, and wish him well on his journey into peace. My love and my thoughts are with our family, and I will do what I can to help in this time of sadness. Thank you for giving me a chance to thrive, Dusty, and may you rest in peace.

“ I believe that God has used Dusty in so many ways-influenced many lives! I know personally of his great generosity and kindness. When I tried to thank him, he would just tell me to "pass it on"! May we all follow in his footsteps and let God use us too! Thank you Dusty-may your memory live on forever!

“ *Dusty was always bigger than life. He is an inspiration to us all. He saw a need in this world and jumped in with his whole heart to help. Not only in his personal life but in his business. His life is a testimony to us all. We should follow his example. I know the work he started will carry on. He touched a lot of lives and we will miss him dearly. Love and miss you Dusty*

“ *What a contribution this man made to so many lives. When I think of Dusty I can't help but smile. He brought joy to every situation. While we will all miss him, he would have said, this is what I have done, now what can you do. Thank you Dusty, you made a difference and we love you.*
