“ Nolan I am saddened this morning to read of the Passing of your sister, Floy Watson, you have been blessed to have her with you all so long. My Sympathy, love, and prayers are with you all, you will have many happy memories to share with each other in the future. There is a saying that goes like this--They say it takes a minute to find a special person. An hour to appreciate them. A day to love them. But then an entire life to forget them. Do not value the things you have in your life, but value who you have in your life.
