“Garland, My friend I will miss your "bigger than life presence". I have always felt blessed to have had friend like you. Whether we were just hanging out together or competing as team mates on the football field I knew I could always count on you. I know for certain that God puts people like you in our lives so we can learn from your example of demonstrating a consistent presence with love, joy and a resilience for what is right. Thanks for being my friend.

*It has been said that a memorial service is the time to gently close the eyes of the deceased and for the family and friends to open their eyes to the joy and blessing of a life well lived. I am sorry my health does not allow me to travel to Lone Camp for your service tomorrow, but I will be there in spirit as your brother. If I could be there, this would be my toast to you which is what is say to my deceased West Point Classmates. "And when our work is done, our course on earth is run, may it be said, Well Done; Be Thou at Peace."*

*So rest well my brother, job well done. We love you.*
