“ I just visited my old neighborhood after selling/moving in May 2023.

Jack and Norma were my next door neighbors for at least 15 years. I could not have had better neighbors (I do not say this lightly). They constantly helped me with stuff around my home that needed to be fixed. Not just that, they were always planting flowers, plants, and placing yard ornaments to make my home look nice (I was not a yard person). He and Norma always made sure I had a “monster cookie.” I frequently went out of town to visit family and/or business trips and NEVER worried as I knew they would keep a careful eye on it. My deepest condolences to the family.

Norma, thank you for everything you and Jack did for me. I thank God in advance for His continued love and blessings over you and your family.

“ We just found out and wanted to say how sorry we are. He was an amazing man and I will always be thankful all the times he's helped my family. Kindest neighbor I could have asked for.

“ I went to school with Jack in Elmore City (1958-60) although we were two grades apart. Some two decades later, Jack was my supervisor at Lawton Hdq (Trp G) in the drivers license division for several years. He believed in the Policy and Procedures manual we used and followed it , both for himself and for fellow examiners. Jack was a fine supervisor and served the DPS well during his years in the Licensing Division.

JUST now found out about Jack's passing. I worked with Jack in the early 90's, but mostly with Dennis, as a DL Examiner during the CDL license push. Such a good guy with a sharp wit and SOH. My best goes out to Dennis and the rest of Jack's family at their loss. Jeff Spencer
