“ *We always had fun at the lake even when he threw me overboard and I pulled him in the lake when he offered to help me back in the boat. He was the most kindhearted, patient understanding man there ever was, I could always count on him to be there no matter what the need was. Going to miss him so much I couldn't have asked for a better dad than him. He was so much more than that, he was my friend also. I'm grateful I was part of his life.*

“ I don't know how I will ever fix my mower or whatever else breaks.. Jim always came to my rescue and taught me how to fix things. Christmas wasn't the same without Carson blessing the food. He could speed pray faster than anyone I ever knew. We would all just laugh. He said he just got to the point. He was a great dad, a great grandfather, a great father inlaw. I will miss him, my kids will miss their grandpa, and great grandkids will miss their grandpa and my husband will miss his dad. Carson you were loved by all of us. You will be missed by all of us. Love ya
