“ *Jodie was a sweet but tortured soul. He was amazing with Riley. He and Cynthia accepted her into their family with open arms. She truly loves them both and he will be missed so much by our family.*

“ *There are so many times to talk about but even this is hard. I will say he had a kind heart and we both celebrated all our music. I do believe it was number one in our life. We lived hard and we were soulmates for sure. There's always a time when things were not as good but everyone has them. When we enjoyed things we did them together. We were copies of each other. I will miss him dearly. There's a void but I will fill it with God.*
