“ *I had Justin in an afternoon study hall the year I taught at Paoli. I'm pretty sure he was a junior that year. Few kids were inclined to do homework on spring afternoons, so I read articles to them from "Time" and "Newsweek" magazines. I remember Justin having so many mature opinions about the issues of the week. He had probably long forgotten me, but I always remembered his personality and humor from those study hall hours.##imported-begin##Bonnie spivey##imported-end##*

“ *To the Whitefield family, my thoughts and prayers are with each of you. I went to school with Justin at OSU and enjoyed being in class with him our last year at school. He was a great friend to me who would let me crash on his couch instead of driving back to Tulsa and try to give me betting tips on the Kentucky Derby. He was so proud of being a state FFA officer and had to show me the video 4 years later of when he was inducted. It was that love of kids and livestock that lead him to become so involved with the Youth Expo. I will always remember his drive, determination, his love of horses and most of all his family. Until we meet again old friend.###imported-begin##Melanie Jones###imported-end##*

“ *Clyda, Derby & Kennedy: Clyda take all the time you need to love and cherish your children. They are so young and will need you so much in their lives. I can remember the day Cotton had his heart surgery and how your kids kept us entertained and took our mind off the surgery. Such precious human beings. Clyda I know your heart has been broken but you know I have known you since you were a little girl and I know you believe in God and that he has gone and prepared us a place with him so just think that Justin has gone before you and the kids and that you will see him again. Give the kids a big hug. Take care of yourself .*
