“ Dad I will miss you so very much!! You were always there when I needed you. I still can't believe that you are gone from our lives. You were so anxious to take Colton, Spencer, and Chloe fishing, and for some reason or other, we just never got around to it. It breaks my heart now to think how much we took you for granted and we just assumed you would always be there. I guess we thought that you would live forever. You will live forever in our hearts and in our thoughts and we will take the kids fishing for you and think of you when we do. We all miss you so much!
Your loving daughter, Rachael

“ *Dearest Daddy, my heart is broken that you have already left me. I will always hold dear and cherish the times we shared when I was young girl. I had more stuffed animals than should have been allowed and I still have the leather purse you made for me with your own hands. In 1966, when I was in Saint Anthony's Hospital for my heart surgery, I recall sitting up on the gurney and screaming for you as I was being rolled down the hall and you came running to save me. Though my tears flow abundantly today, I find comfort in knowing that you are no longer hurting and are resting peacefully in the arms of our Lord and Savior Jesus Christ. I miss you and love you with all my heart, Daddy, but know that one day we will be together again. Your loving daughter, Debbie.*
