“ I was so saddened to hear last evening of the tragic and unexpected loss of our dear friend Larry. He was such a blessing to know and spend time with during his time here on earth. I will never forget his jovial personality and love of life, his family and his god, no matter what problems he faced in his own life. He never failed to leave Marie and I with a happy smile on his face and a kind loving thought. My prayers are with his family, loved ones, and friends. He is with his Lord and truly at peace forever.###imported-begin##Roger Griffith###imported-end##

“ I spoke with Larry during the Holidays and he had me laughing in just a few minutes, as always. I will miss his unique humor and voice very much. The last thing we always said to each other was "I love you, Cuz", so it will be the first thing that I say when I see him in Heaven. “ Larry became a dear friend to me because we had a lot in common, i have recently lost 320 lbs by working out and changing my diet . and i give the lord Jesus credit for all my strength , we talked about christ as lord and saviour , i am a baptist and he was a nazarene like my aunt and uncle, be we both love our God and saviour, he will be missed untill we get to see him in heaven with no knee pain , i can see him running on streets of gold now . your friend in Christ Jesus Scot Underwood##imported-begin##Scot Underwood##imported-end##

“ Betty, I am saddened tonight as I read that your son Larry has passed away. I know what it is like to lose a son, he too was born in Odessa, TX just one year before Larry. My Sympathy, love and prayers are with you and your family.

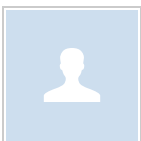

Faith tells us that love is at work in the world...bringing about hidden miracles in every corner. Faith tells us to trust in something greater than ourselves as we journey to the top of the mountain, And though our eyes may be blinded by the mist surrounding the mountain still we continue to climb because we know that we shall see the way clearly through the eyes of Faith.##imported-begin##Harold Bradley##imported-end##
