“ *There is so little one can do or say to bring your family consolation at this time other than for you to know that this is a loss felt by me personally and one felt by our community as Marilyn made such a contribution to our little part of the world. She always had a kind word, a smile and a willingness to help in any situation in all the years I first came to know her from when we were teenagers. So many others truly care and share your grief with you as her light has gone dark. My sympathy, love and prayers are with you all, as you will all have many happy memories to share with each other in the future. My husband David Jones joins me in expressing our sincere condolences, Wilma Bettes Jones. God bless you all.*
