“ *I can remember as a child the first time I met you and you were a Mom for the first time. My mother Minnie loved you so much and every time you came for a visit or we went to Grandma's Aunt Sally would let you know and the fun we had playing cards or just the games you played as a child. I only wish I had spent time with you after my Mom died. I am so sad for all your children. I know how they feel, I also know that you were loved by many. That table in heaven is getting crowded but I know there is a lot of laughing going on.*

“ *You were my best friend! We didn't see other much but we burnt the phone line up. I already miss you more than you will ever know. Who am I going to call when I need a friend to talk to? You taught me more than you will ever know. I will treasure the time we spent together the day before you got sick. I know you are in a better place your out of pain. Fly high and give Ed a big hug for me. I'll see you on the other side one day*
