“ Uncle -

*I feel like time went too fast, I can't say sorry enough to make it better either of us. I wish we could spent more time together and got to know each other better than we did. I love you more than words can express and do justice. I will pray and keep our family in my thoughts and prayers. I believe that being a Cudaback doesn't make us better, maybe more special. You exemplified that to it's fullest, you will be sorely missed. It hurts to think we just started talking and getting to know each other the way we should've all these years. For that I blame myself, I love you Bill so much. Say hey to my dad for me and keep cheering those Huskers! I love you and will have you in my heart forever!*
