“ *I had the opportunity to meet and have several dealings with Rosemary throughout the past 12 years. She was a unique, talented, interesting and quite a special soul. I would have to say that she was a woman who knew what she wanted and was capable, until her later years, to do exactly what she wanted and she did it. It is always interesting as you look back on your life and remember the people that crossed your path this side of eternity, I am glad Rosemary crossed mine. My thoughts and prayers are with Rosemary's family at this time and to let you know she was a special lady indeed. Pam*

My family had the pleasure of being entertained by her music. She was kind, considerate and extremely gifted to say the least. She touched many people with her music. She will be missed. RIP.. Rose.
