I've known Sam and most of his family since I was a little boy! Sam did have a great sense of humor! One of the latest was a memory that he had teased Butch Bourne about his grease being too expensive! Also I learned a long time ago not to bet against one of Sams race horses! Have all of his family in my thoughts and prayers !

I send my condolences to all the family, I first met Sam during his Nicor days. He was a good person, with oilfield in his blood.

Mrs. McCaskill, family and friends,

I was saddened to read of Sam's passing. I had the pleasure of working as a vendor for him when he worked for NICOR Drilling, and NOMAC Drilling. He was a great asset to the companies that he worked for. During this time, I worked for MidContinent Supply, Culberson Supply and McConathy Specialty. I had great respect for him as a man and as a costumer. The last time I saw him was at his retirement party from NOMAC. He told me he was looking forward to doing anything he wanted to do. It was an honor to know him. I will keep you and your family in my prayers.

“ Alene,

My thoughts and prayers are with you and your family at this time of your sorrow. I haven't been around Sam much since high school. I thought you were a great couple then, and from the tributes written below, it appears he made a great man as well. I know from personal experience that with a great man, you later will remember all the good times you have experienced together and find comfort in those memories. My love and sincere sympathy to all of your family.

Mrs. McCaskill, family members and many friends of Sam:

I was saddened to learn of Sam's departure from this earth but glad to rejoice in the knowledge that he is in Heaven with his Lord. Personally, I met Sam 30 years ago at NICOR Drilling and soon admired him because of his knowledge, work ethic, attitude towards his fellow workers and vendor's like myself. He represented the values that all of us should share: courage, pride, be fair, keep your promises, and a personal fellowship with all the folks that you come in touch with. Through all the years till both our retirements I did business with Sam at Simons Petroleum I never remember any negative remarks just positive conversations about a proper solution to an equipment problem or improvements. Sam was certainly a refreshing management figure in the oil field.

Mrs. McCaskill and family Sam was a "very hard working man" but he always shared his how much you meant to him and how proud he was of his family. We will always remember his GRIN and SMILE!

Sincerely,

Roger Simons

Memories of the Mccaskill family are so precious to Me. Ate lots of beans and cornbread as a little girl at their table. Patsy was a good friend and Sam was a little rascal. Loved his smile. Just a year younger than me. Alene and family my thoughts and prayers are with you as well to Patsy, Gary and Linda. Linda Mckinney Welch
