“ Remembering a woman with life and laughter all around her. She was one person who could light up a room just with her presents. Tears will be shed but joy and laughter should also be present in order to celebrate her life and the great memories shared with the family. My thoughts and prayers go out to you all. *My deepest sympathy goes out to you all at this time. As you all know Telisa was a very special person. I will never forget spending time with her at ballgames laughing and having a good time. Her family was her life, and always remember you each had a very special place in her heart. Remember the good times and always know she is in a better place and no longer sick and suffering. God bless each and everyone of you.*
