“ *Walter, though I did not know you outside of a working relationship, in the year that I have had a chance to get know you I learned alot and have a great deal of respect for the professionalism you have shown me. You have shown me of yourself a meticulous nature for detail, quality of work, and professional attitude toward service to others as well as compassion for your team and working hard and having fun at it. These qualities I value. I thank you for your knowledge and training, for your willingness to teach on the fly, for your jovial humor and your compassion and friendly nature. You are appreciated and respected. I thank you.*

Those who knew you well love you, I have seen their heavy hearts. Take that love with you. You will be missed.

I will see you again.
